In the Ottawa valley, community bonspiels are very successful. They allow community-minded people to put teams together, issue friendly challenges to other teams, and meet them on the ice (and afterwards) for some good competition and fellowship. They also expose many people to the sport of curling.

Let's build on the success of last year! Start challenging your co-workers, friends, family and come on out and enjoy a great sport and a fun-filled weekend! Everyone gets a prize!
