Watch the club signboard and website for other Special Events!!!

External Bookings

Janice Bunge is taking club bookings and events for club hall rentals. Please contact Janice (584-2347); bunge@magma.ca for all club bookings.

Curling

Deep River Wins Superleague

The Deep River team skipped by Leo Buckley streaked to a double win the the Upper Ottawa Valley Superleague - the first team from Deep River ever to capture both first place in the Round Robin season long play (the Gord Stokes Trophy) and then the League playoff trophy. After losing their first two games of the season the team won 10 straight and then 2 more in the playoffs. The finals featured team Buckley against the other Deep River team skipped by Chris Moore - another first as the Deep River teams outdistanced all their rivals from Pembroke, Eganville and Killaloe.

Club Finances - Treasurer, Janice Bunge

The 2008-2009 season was a great season of curling and a financial improvement over last year. The easing of our financial position was made possible by the generosity of several members. This generosity was expressed in several ways and through these efforts our finances for the year showed much relief. Through the careful analysis of compressor management during the previous season, Pat Kelly and Evans Harrison were able to adjust the ice temperature in such a way that actual compressor running time was reduced, thus reducing our hydro usage which resulted in a saving on our hydro bill (goodness knows hydro prices did not decrease). An opportunity to save on our ice maintenance costs, was seized by Chris Knight and Ray Walker. With the addition of the new ice scraper (donated by Evans Harrison) and the purchase of the Nipper, Chris and Ray volunteered to master the techniques for producing great ice. Ziggy Geson, our ice contractor, for many years has indicated an interest in retiring in the future, so Ray and Chris

have been learning the “tricks of the trade” while working with him and for most of the season maintaining the ice on their own. The Club has saved considerable money on our ice making and Ziggy is getting some well-earned relaxation. Bar revenues, this year, were up slightly from last season and this increase can be accredited to the “well-stocked” bar that is maintained by Lachlan Cranswick. His attention to details in honouring requests is to be commended and the selection of beverages that he has for members’ enjoyment is “not to be rivaled by much larger establishments”. I want to mention this final item because it is possibly the one that most helped ease our financial situation. Shortly before Pat Kelly passed away, he made an unsolicited three thousand dollar donation to the Club. This donation was most appreciated by the Executive. Organizers worked very hard last season to organize a Community Memorial Bonspiel in honour of Pat and the event was enjoyed by all that attended. A second Community Memorial Bonspiel is planned for this season and will be held earlier in the season in the hope of attracting some new curlers as members. The Executive has reviewed the Dues schedule for the new season and a minimal increase of five dollars has been decided on. The full dues schedule appears on the Registration Form included in this Newsletter. As I mentioned last season, at the same time that we are facing increasing costs, we are also facing a problem of declining membership due to natural attrition. We realize that the core of our membership is “seniors” and we need to encourage more seniors as well as younger people to join curling and squash. Hopefully some of the “new hires” at AECL are curlers or squash players! We are asking each and everyone of you to talk to your friends and neighbours and even your relatives to encourage them to come out and try their hand at Curling or Squash. New financial incentives to encourage Social Curling and Squash are planned for the Community in the hope that we will spark people’s interest in joining one of our regular curling or squash programs. The Schools have been approached and several of them are taking advantage of our offer of “free use of the ice for Gym Classes”. Hopefully, this, plus our planned Social Programs will attract new families with young children and thereby rejuvenate our Junior and Little Rock Programs. The Executive is also getting estimates and preparing an application for a Trillium Grant to finance many of the large improvement projects required by the Club. The 2009-2010 season, so far appears to be a very busy one. It has been a pleasure being your Treasurer for the past season and I look forward to seeing all of you at the Membership Wine & Cheese Registration of Friday, September 25th this year. Hope you are having a great summer.

Squash

This year social squash moves to Monday night to coincide with the bar hours. Monday nights will be \$5 for non-members to drop-in, and free for members (regular drop-in fee is \$10). A new lower annual membership rate is available for new members and ex-members wishing to return to the game. As usual it is intended that this season’s Deep River Squash Fest will again involve squash pro, James Hayes. The dates are yet to be announced, but expect sometime in Oct/Nov 2009.

Deep River Curling and Squash Club

2009/2010 Registration Form
